

# Worldnet, Colnbrook, Berkshire

## Project Description

- Design of Structural Steelwork
- Construction of concrete mezzanine floor
  - New external windows
  - Partitions
  - Ceilings
- Design & install all M&E
- New toilets, tea points & kitchens
  - Decorations
  - Security
- Warehouse racking & storage
  - Bespoke signage

The main challenge with this project was executing it in fast track fit out timescales with the inclusion of design and construction of the structural elements.

The client moved in as planned on the day of completion and have recommended us to others off the back of our performance.

**Duration** 7 weeks

**Value** £305k

**Designer** Rowland Design

**M & E** Cameron Black
