

Pembroke, Minster Court, EC3

Project Description

- Modification of M&E services
- Drywall & glazed partitions
 - Plasterboard ceiling
 - Carpets
- Curved feature wall
 - Comms room
- Tea points and kitchen
 - Tiling
- Print room
- Decoration

Our first project in the multi-tenanted Minster Court required a swift learning curve to ensure we complied with the stringent Building Management procedures. Close liaison with their technical services department was also required to ensure the Cat B M&E modifications were carried out in accordance with Minster Court's base-build services. Cameron Black took on board Minster Court's incumbent Mechanical, Electrical, Data, Fire Alarms & Sprinkler contractors as our own domestic suppliers for the duration of the project.

Duration 8 weeks

Value £300,000
