

# Ropes and Gray, New Street Square, EC4

## Project Description

- New floor finishes
- New partitioning
- New doors and wall panelling
  - Bespoke joinery
- Silver screen curtain
- Modifications to existing M&E plus new
  - Modification to access control
  - Modification to fire sprinklers
  - New data and comms room
  - New kitchen and dining area

This project involved creating a high specification reception, breakout area and open plan office space for global law firm Ropes and Gray. The reception refurbishment works were carried out within an occupied area and we had to ensure operations remained uninterrupted at all times.

The client managed the project from the construction phase and we formed a strong working relationship with them, working as a team to deliver the project.

**Duration** 8 weeks
